I rec'd a call from
JACK BOUGS of the HEALTH
DEPT. LAST WEEK. He said they
did not know how to handle
this complaint. Asked if
we could look at it. He
was going to call MDNR.

I talked with Richard Barnes
of MDNR. He worked a complaint
re: oil etc. a couple of weeks ago;
found nothing. The car washing observed
at that time. Mr. Barnes said to
fax info. to him, would send
standard "car wash" letter to
Quality Details. Will send me
a copy for our records.

MEMO

To: Randy Lyman
From: Bob Corson *BC*
Subject: Quality Details - Site Inspection - June 26, 1998
Date: June 26, 1998

In response to service request from the Public Information Office I conducted an inspection of Quality Details located at 2957 W. Chestnut Expressway. The service request summary indicated that Midwest Plant Food was complaining that Quality Details had dug a trench and are diverting water onto Midwest's property.

On this date I inspected the site and contacted Brandon Porter, Quality Detail manager, about the complaint. With Mr. Porter I inspected the outside wash area on the east side of the building. During the time of my inspection a van was being washed. Water from the wash area was running from the wash pad via the above mentioned trench onto Midwest Plant Food property. I advised Mr. Porter that this appeared to be a violation of city code (Chapter 36, Section 1315.12 - Wastewater Discharge) and that this wastewater should not be discharged into the environment but rather discharged to the sanitary sewer. I also advised him that the wash area should be covered if it discharged to the sanitary sewer so that no storm water would enter the sanitary sewer.

Mr. Porter said that the owner, Steve Swank, was in the process of locating a new building for the business. The current location was too small for the business and Mr. Porter indicated that within 30 - 60 days they would be in a new building.

I gave Mr. Porter my business card and told him someone from the city would be in contact with Mr. Swank concerning this complaint and what Quality Details plans to do about the situation.
